### Why Smile4Rich?

The Wessex Neurological Centre provides a 24-hour acute neurosurgical and neurological assessment, investigation and treatment service serving a region, including Guernsey, inhabited by circa 3 million people. The Smile4Rich Appeal gives charitable support to the Centre to improve the range and quality of facilities available.

As many as 40 to 50 Guernsey people a year are treated by the Centre, including, in the past, members of the families or friends of our four local fund-raisers.

Our latest project is to equip one of the Centre's operating theatres with a new, state-of-the-art, operating microscope fitted with the FL800 Fluorescence system. Fluorescence Enhanced Neurosurgery offers a revolutionary way of visualising blood-flow in the brain which provides the surgeon with far superior data than is currently possible. Such technology will eliminate the need for on-table angiography, reduce the likelihood of repeat surgery being required, and reduce the possibility of either a recurrence of the a bleed or of a post-operative stroke.

Smile4Rich enjoys a special relationship with the people of Guernsey, so much so that, over the past four years, our local fund-raising efforts have raised in excess of £75,000 and helped to fund several projects.

With this relationship in mind, we are keen to identify a special project which will be of specific benefit to Guernsey patients. Work is currently underway to assess the potential use of Telemedicine Technology to provide a system capable of assisting in the remote diagnosis of patients in Guernsey, facilitating early and accurate diagnosis and ensuring timely transfer to the Centre for specialist treatment/care. In this arena, early decision making saves lives and increases the chances and quality of recovery. We hope to be able to release further news of this project during 2010.

Our local objective remains to help raise funds for the appeal in Guernsey and thus to help every Guernsey patient needing treatment by the Centre.

**Friday 11<sup>th</sup> June 2010**  
**La Grande Mare Golf Club**

La Grande Mare Golf Club is part of the La Grande Mare complex and is situated on Guernsey's glittering west coast. No other resort hotel in the Channel Islands commands such a stunning location. Adjacent to a beautiful sandy bay and incorporating a full 18 hole golf course and Health Suite, La Grande Mare is set in over 110 acres of private grounds.  
[www.lgm.guernsey.net](http://www.lgm.guernsey.net)

Although it is by the sea, La Grande Mare is not a links course, having been developed on land with a clay and peat base. La Grande Mare's full 18 hole Parkland style course is designed by Fred Hawtree and Sons, one of the most respected golf course architects in the world.

Our competition will begin with consecutive four ball tee-offs from the first. A few drinks at the 19<sup>th</sup> will then be followed by an evening dinner and prize giving together with a charity auction.

We shall also be holding an exclusive hole in one competition.

We will be limited to around 25 teams of four and the cost per team will be £300, inclusive of corporate sponsorship of one of the 18 holes, sponsorship of the longest drive or nearest the pin competitions, or the charity auction.
